**Abbreviations:** 8vo = octavo size or from 140mm to 240mm, ie normal size book, 4to = quarto approx 200mm x 300mm (or coffee table size); d/w = dust wrapper; pp = pages; **vg cond** = (which I thought was self explanatory) very good condition. Other dealers use a variety including 'fine' which I would rather leave to coins etc. **Illus** = illustrations (as opposed to 'plates'); **ex lib** = had an earlier life in library service (generally public) and is showing signs of wear (these books are generally 1st editions mores the pity but in this catalogue most have been restored); **eps** + end papers, front and rear, **ex libris** or '**book plate**'; indicates it came from a private collection and has a book plate stuck in the front end papers. Books such as these are generally in good condition and the book plate, if it has provenance, ie, is linked to someone important, may increase the value of the book, **inscr** = inscription, either someone's name or a presentation inscription; **fep** = front end paper; the paper following the front cover and immediately preceding the half title page; **biblio**: bibliography of sources used in the compilation of a work (important to some military historians as it opens up many other leads). **or.cl.** = original cloth generally indicating there is no dust wrapper; **restored**; generally means a book has had the treatment by a book binder. New end papers, glued or sewn spine, even new boards. The value of rare books can be greatly enhanced if they are restored professionally. 'Back-yarders' should desist from attempting to restore books! There are many reputable binders around the place who will do a good job at a good price. By the way, the number that appears in brackets in the catalogue, ie (1814) is a data base number so no need to quote it when ordering.

**Postage is always extra and insurance is available upon request. Overseas orders by credit card only. Postage will be by cheapest and most practical means possible unless otherwise requested. (In Australia, Express Post is the quickest and carefully handled by Australia Post. Express Post has increased to \$17 for a 3kg satchel (this includes everything OVER 500gms and under 3kg). So if you want it quick use Express—bit slower is the 3kg red satchel - \$15 which includes post pack and TLC).**

**Our terms for first-time buyers are 'payment up front'. Established buyers can pay by credit card, cheque, money order etc on receipt of an invoice.**

Welcome to Catalogue 208, May 2018. This is my "Post ANZAC Day" list and it is a time of great remembrance. For the first time in my long life I didn't participate in anything this year. Watching it all unfold on TV was a new experience. Must admit I was a bit overcome to see my mates swinging down the Terrace in sandy berets, where I would usually be. The Dawn Service at Campbell Barracks was sorely missed also but I made up for it in catching all of the impressive Dawn Services on TV, Gallipoli and Villers-Bretonneux prominent amongst them. Villers-Bretonneux also showed off it's new attraction the Sir John Monash Museum, built at the behest of the PM at the time, Tony Abbott. It's an interpretive and very tech oriented museum designed to educate future generations on what happened on the Western Front and the decisive part Australian troops played in it. VB will go down in history as the turning point in the Western Front saga. We were very fortunate to attend the first Dawn Service on the Western Front in 2008 (the 90th anniversary). Kings Park here in Perth hosted 30,000 people to the Dawn Service on Mt Eliza and it was something to see dawn break over the beautiful Swan River. And the Noongar/Maori corroboree was sensational. Great respect for these ancient cultures.

This list contains some serious titles prominent among the being the set of "**Beans**" (see cover photo). This is a remarkable find as they are still in their original boxes, some with the original butcher's paper dust-wrappers. A rare find indeed and very well priced at \$1,200. (saw a set in an auction last year that fetched \$2,400 so this set is well priced). Also the new Graham McKenzie-Smith production "**The Unit Guide**". 6 vols covering every Australian Army unit in WW2. (\$185) Also note I have a copy of the rare "**Wouldn't Have Missed it For Quids**" by Darryl Clohessy. He only produced a few of them hence the catalogue price of \$475. This is only the second one I've ever had so I expect the unit history collectors to be all over it like a cheap suit. As usual this list is dedicated to all those Australians who have given their lives for this country and those who continue to do so. Always thinking of my mates who aren't travelling well. Via con Dios Mick and Jo
