**My Bookroom is open each day by appointment – preferably in the afternoons. Give me a call.**

**Abbreviations:** 8vo = octavo size or from 140mm to 240mm, ie normal size book, 4to = quarto approx 200mm x 300mm (or coffee table size); d/w = dust wrapper; pp = pages; **vg cond** = (which I thought was self explanatory) very good condition. Other dealers use a variety including 'fine' which I would rather leave to coins etc. **Illus** = illustrations (as opposed to 'plates'); **ex lib** = had an earlier life in library service (generally public) and is showing signs of wear (these books are generally 1st editions mores the pity but in this catalogue most have been restored); **eps** + end papers, front and rear, **ex libris** or '**book plate**'; indicates it came from a private collection and has a book plate stuck in the front end papers. Books such as these are generally in good condition and the book plate, if it has provenance, ie, is linked to someone important, may increase the value of the book, **inscr** = inscription, either someone's name or a presentation inscription; **fep** = front end paper; the paper following the front cover and immediately preceding the half title page; **biblio**: bibliography of sources used in the compilation of a work (important to some military historians as it opens up many other leads). **or.cl.** = original cloth generally indicating there is no dust wrapper; **restored**; generally means a book has had the treatment by a book binder. New end papers, glued or sewn spine, even new boards. The value of rare books can be greatly enhanced if they are restored professionally. 'Back-yarders' should desist from attempting to restore books! There are many reputable binders around the place who will do a good job at a good price. By the way, the number that appears in brackets in the catalogue, ie (1814) is a data base number so no need to quote it when ordering.

**Postage is always extra and insurance is available upon request. Overseas orders by credit card only. Postage will be by cheapest and most practical means possible unless otherwise requested. (In Australia, Express Post is the quickest and carefully handled by Australia Post. Express Post has increased to \$17 for a 3kg satchel (this includes everything OVER 500gms and under 3kg). So if you want it quick use Express—bit slower is the 3kg red satchel - \$15 which includes post pack and TLC).**

**Our terms for first-time buyers are 'payment up front'. Established buyers can pay by credit card, cheque, money order etc on receipt of an invoice.**

Welcome to 2020 and a January catalogue which I normally avoid so I can have a month off. But...the extenuating circumstances of the conflagration of bush fires along the east coast, Tassie and in south west WA caused me to step back from our normal Christmas and New Year celebrations and think about the hundreds of families who've lost everything and sadly family members. Such tragedies which have been exacerbated by the fuel loads in forests and arsonists are once again delivered to us by people who disagree with the age old Aboriginal methods of burning the fuel load to prevent the infernos we currently have. Bushfires have been part of the summer landscape in Australia for millennia but the current fires are far and beyond anything we've ever seen. I remember bushfires in NSW when I was a kid and they were severe especially with high winds. Back-burning and fuel reduction burns were a part of the solution in those days but now it seems we've been held captive by environmentalists and conservationists who consider load-reduction burning pure vandalism destroying important habitat rather than part of the natural cycle of life in the bush. And government of all stripes are not game to stand up and be counted. Friends have lost everything in Northern NSW just escaped with their lives. They had two minutes to get in the car and bolt, watching the fire roaring towards them. Fire is a terrifying thing. They've been well looked after by townsfolk so they're doing OK. They have full insurance but many others around those parts who lost everything, aren't so lucky and will have to start again... somehow. Will we learn anything from all this? Probably not. And it's not the peak of summer yet! So if you're looking for a charity to donate to, the RFS in NSW, Qld, Vic, Tas, SA and WA should be your first consideration. **I pledge to donate 10% of all sales in this catalogue to support our fires.**

And so to books. There are a few rare titles amongst this lot but a much smaller list than generally offered. The 20% off Christmas list went very well – thank you. Whilst this list is dedicated to our wonderful volunteer fire fighters, it is also dedicated to serving and ex servicemen and women who may be doing it hard. Active service, whilst exciting for many, is nothing more than a mental agony for many on returning home with a sometimes unsympathetic DVA. Who can tell who is affected? In my view 'ACTIVE SERVICE' should attract an automatic Gold Card. I ring as many mates as I can every little while to make sure they're still with us and have a support system around them.

So...HAPPY NEW YEAR ONE AND ALL M&J
