Abbreviations: 8vo = octavo size or from 140mm to 240mm, ie normal size book, 4to = quarto approx 200mm x 300mm (or coffee table size); d/w = dust wrapper; pp = pages; **vg cond** = (which I thought was self explanatory) very good condition. Other dealers use a variety including 'fine' which I would rather leave to coins etc. **Illus** = illustrations (as opposed to 'plates'); **ex lib** = had an earlier life in library service (generally public) and is showing signs of wear (these books are generally 1st editions mores the pity but in this catalogue most have been restored); **eps** = end papers, front and rear, **ex libris** or '**book plate**'; indicates it came from a private collection and has a book plate stuck in the front end papers. Books such as these are generally in good condition and the book plate, if it has provenance, ie, is linked to someone important, may increase the value of the book, **inscr** = inscription, either someone's name or a presentation inscription; **fep** = front end paper; the paper following the front cover and immediately preceding the half title page; **biblio**: bibliography of sources used in the compilation of a work (important to some military historians as it opens up many other leads). **or.cl.** = original cloth generally indicating there is no dust wrapper; **restored**; generally means a book has had the treatment by a book binder. New end papers, glued or sewn spine, even new boards. The value of rare books can be greatly enhanced if they are restored professionally. 'Back-yarders' should desist from attempting to restore books! There are many reputable binders around the place who will do a good job at a good price. By the way, the number that appears in brackets in the catalogue, ie (1814) is a data base number so no need to quote it when ordering.

Postage is always extra and insurance is available upon request. Overseas orders by credit card only. Postage will be by cheapest and most practical means possible unless otherwise requested. (In Australia, Express Post is the quickest and carefully handled by Australia Post. Express Post has increased to \$17 for a 3kg satchel (this includes everything OVER 500gms and under 3kg). So if you want it quick use Express—bit slower is the 3kg red satchel - \$15 which includes post pack and TLC).

Our terms for first-time buyers are 'payment up front'. Established buyers can pay by credit card, cheque, money order etc on receipt of an invoice.

Welcome to our November list — #247. This is the penultimate offering for 2021 and as we slide towards Christmas, we look back on what has been a tumultuous year. Covid has knocked the world into a cocked hat so to speak. We've been quite fortunate here in WA with relatively little sign of the pandemic. Our steadfast Premier has been resolute in slamming the door shut and keeping it shut. Unfortunately, the many small businesses that have gone to the wall all around the country, will never get to re-open. But it is what it is, we adapt and move on. There are thousands of thus-affected businesses who have continued to trade on-line which has been a blessing of sorts. The lock-downs haven't affected us much at all except for a period last year where visiting other book shops was a little hazardous. My preferred life of a hermit has served me well. Jo still gets out everyday in her consultancy role for GM Consulting and I do the cooking. Living in the heart of the CBD has been most useful. Perth has experienced the wettest winter for many years. Our local lake (Hyde Park) is brimming with the myriad of water birds having a lovely time. The annual cygnet production from the two resident swans continues unabated. They obviously have no idea about the human Covid thing, thankfully. Whilst we concern ourselves with the spread of covid here in Australia, it appears the 25,000 people who have flocked to Glasgow for the climate gab-fest, have no concerns whatever. Our PM has been shirt-fronted by the 'feelthy French' over the con-job they pulled on us with their dud subs deal and made worse by Biden calling our pull-out 'clumsy'. From Joe this is a bit rich. The only problem I see in all this was the fact that Turnbull signed us up to a deal for diesel subs in the first place! Our military procurement people need a good kick up the nether regions IMHO. Anyway, rant over. We've got a lot of good books on offer in this list so get stuck in. I realise the appearance of the some titles is repeated in catalogues — in case you missed it first time around. And a consequence of concentrating on stock in one genre — 'military'. As usual, this list is dedicated to all those gallant soldiers who haven't made it home and those who have, but are not traveling well. Via con Dios Mick & Jo
